David;

I just wanted to write a quick note to thank you very much for your presentation and participation in our Offsite Divisional Leadership Conference. Your keynote speech was outstanding and right in line with our "More Than The Sum of Our Parts" message. Your contributions in the overall event reinforced our key theme. Overall, you blended easily and seamlessly with our team and added to the event with an infectious mix of energy, enthusiasm and practical advice.

Since our meeting, I have noticed that we challenge each other to "Think Big", contact and collaborate with our "2AMer's" and subject matter experts, and to make sure our "Jones's" are talking to one other. Because of your help and assistance, the event has moved our organization forward more effectively and faster. Again, I am very grateful for your time, effort, and help.

Sincerely,

David Gucza
