Dear David,

On behalf of the Board of Women in Technology (WIT) and all those who enjoyed your presentation at our bi-monthly meeting, thank you. As you are well aware, the people that attend our meetings come from a variety of backgrounds and represent a broad spectrum of responsibilities within their respective organizations. Finding a speaker that is able to address a diverse group such as ours and not only hold their attention, but also present information that they find valuable and of interest is not always easy to do. However, in this case, we struck a homerun!

The topic of "Relationship Currency" was very on point with the type of content that we like to present to our membership. WIT meetings serve as a great place to network and having the skills necessary to turn relationships into assets that return real profit is something you can never learn enough about.

WIT looks forward to continuing our relationship with The Nour Group and in finding other opportunities where you can further educate us on the many aspects of Relationship Currency.

Cordially yours,

Marsha Calfee
WIT 2006 President
